CHAIRMAN'S MESSAGE

“EXPECT THE BEST. PREPARE FOR THE WORST. CAPITALIZE ON WHAT COMES.”
- ZIG ZIGLAR

Dear Shareholders,

It's my privilege to present the 22nd Annual Report of the Company for the year ended on 31st March, 2015. During the year ended 31st March, 2015 the Company has suffered loss as a result of higher interest and depreciation burden arising from commissioning of Company's new project at Sarigam, Gujarat which commenced commercial production on July 21, 2014 and is now operating consistently and delivering superior quality paper.

Paper Market conditions were at the lowest ebb throughout the year under review. Lack of demand due to weak economic conditions that prevailed during the year, unabsorbed excess capacity present in the paper industry, weak demand in overseas markets restricting the export potential and undue competition from imported grades of paper taking advantage of the “zero” import duty concession

available under the Regional Free Trade Agreements vitiated the sentiments, off-take and prices of domestic products. Consequently inventories piled up forcing the manufacturers to drop prices, resulting in huge pressure on margins. Sentiments have not yet changed and the market is likely to remain weak and subdued for most part of the year.

Paper Industry, occupies a prestigious position, among the various manufacturing enterprises globally, in view of its significant contribution to the society. Role of paper in promotion of literacy, propagation of information and knowledge, packaging commodities and commercial items of value, makes it an indispensable product. Despite predictions that the digital revolution would make paper obsolete, paper remains central to our lives. Paper is interwoven with human life in innumerable ways. Think of the hundreds of times, we touch paper, in a day. Paper is a

bio-degradable product with a benign footprint at the end of its life cycle and this adds further strength to this product, promoting its growing usage.

The Indian paper and paperboards industry has potential and also capabilities to service the growing demand in domestic and international market and also to create huge employment avenues in the rural-India, provided the competitiveness of the value chain is encouraged by the government.

Your Company's new project for the manufacture of Writing and Printing papers with a capacity of 90,000 tonnes per annum at Sarigam, Gujarat India was commenced on July 21, 2014.

I would like to gratefully acknowledge the trust and confidence reposed in us by you and more importantly for your patience in seeing us through the recent turbulent times. The Management is conscious of your increasing expectations and is gearing to fulfill the same. The continuing support and co-operation of our loyal family circle of customers, dealers, suppliers, financial institutions and partners have been valuable to Your Company's success and well-being and is much appreciated.

Thank you,

Yours sincerely,
